

SHYC WOMEN'S SAILING 2019

Please join us for a women's sailing clinic on Tuesday evenings from 6 to 8 pm. This program will run from June 25 to August 6 (excluding July 30) with possible make up dates later in August. We will have SHYC Jr. Sailing coaches assisting us, and we plan to use the Club's fleet of 420s as well as the new Club-owned Sonar. (*We may also use other boats depending on interest and participation by boat owners.*) ALL levels of experience are welcome! This program is designed to allow participants to improve sailing skills and build confidence by working together and supporting each other. Our focus will be on learning by doing. We will pair beginners with those who have participated in the past with the goal of getting everyone out on the water enjoying the breeze.

The cost for each two-hour evening session is \$35. Space per session is limited to 14, with a minimum of 4 for the program to run. You must register for two or more classes to participate in this program. To register, please use this form: [Women's Sailing Sign Up](#) or type the following link into your browser: <https://forms.gle/LLGAq2nJEukXYP7MA>
